SUMMARY

A driven creative professional eager to kickstart a career in graphic design roles and possess a strong foundation in graphic design principles to create visually appealing projects. An easy-going team player with an intention to grow within a design environment, ready to contribute fresh ideas and collaborate with senior professionals.

EXPERIENCE

Oxygen8 Solutions - Product Evaluator / Vancouver
Oct. 2021 - Present

The job involves conducting various tests on HVAC units to ensure they function correctly and meet safety and company standards. It also includes problem-solving and assembling HVAC units using power tools, collaborating with product designers and mechanical engineers to deliver fully operational finished products.

Canada Revenue Agency - Data Capturer / Winnipeg
Seasonal Min. 4 months 2017 - 2019

My responsibility was to verify and type data with complete accuracy obtained from both online submissions and mailed paper tax documents. It also involves, planning and prioritizing the workload to ensure timely completion of assigned tax returns for data entry to meet deadlines.
